hereby declare that the company wishes to participate in the above mentioned guidance group

The summary of the project and the purpose of the support group are described in the attached information sheet. Participation in the project involves (i) inviting the company to information and demonstration meetings, to meetings of the project consortium and informing the company of the results of the collective research, (ii) enabling the company to monitor progress, provide input and advice, and (iii) enabling the company to carry out the information obtained under favorable conditions in consultation with the organizing associations.

I, the undersigned, hereby declare that I have studied the Rules of Procedure of the Guidance Group for Collective Research and that I accept its terms and conditions.

The follow-up of the project within the company is ensured by (fill in if different from the above data):
